COVERED BRIDGES

A PART OF OUR PAST

The purpose of the “covering” of a covered bridge was to protect the wooden structural members from the elements. We have 2 in Logan County that are open to traffic—Bickham Covered Bridge on CR 38 and McColly Covered Bridge on CR13. Want more information on covered and pony truss bridges in Logan County? Check out www.bridgehunter.com/oh/logan

Bickham Covered Bridge built in 1877.

TRANSPORT

The Bellefontaine Regional Airport, located on St. Rt. 47 West, is managed by Midwest Corporate Air, Inc.

There is a terminal building with a lobby and facilities that include a pilot’s lounge, a flight planning room, and a conference room that is available to rent.

Midwest Corporate Air is owned and operated by Steve Buchenroth. Chartering, flight training, and aircraft rentals are just a few of the services offered.

If you are in the mood for a scenic tour, just give them a call at 937-593-8210. They are an FAA certified air carrier and can provide scenic tours to any destination.

RTC Employment Services provides a variety of services to persons with disabilities to assist in preparing for, obtaining, and maintaining employment.

One of those services is transportation to & from work within Logan County.

They operate Sunday-Saturday from 6am-11pm and all trips must be scheduled in advance.

For more information, please contact the Transportation Coordinator at 937-539-2069.
